CORONAVIRUS
Why do I have to stay at home?
A social narrative for children
Sometimes people get sick. Little things called germs make people sick.
When the Coronavirus germs are gone, my family will tell me and we can go back to my favorite places again! It will be OKAY!!

When people get sick, they usually stay home. That way, we don’t spread the germs.
Right now, there are some germs called Coronavirus that are making a lot of people get sick.

This might make me feel a little sad, but my family will help me find fun things to do at home!
Also, I will not be going to school or stores right now.

It is very important that I stay in my house or my yard right now.
That way, I won’t get sick.

This means that I will not go to restaurants for a little while. I can eat at home for now.
