Surfers Healing Foundation's Surfers Healing VB Camp Virginia Beach, VA http://www.surfershealing.org/camp-schedule http://surfershealingvb.org https://www.facebook.com/SurfersHealingVB Scott Cohen (757) 544-3224 / cohen23451@cox.net	Virginia Beach, VA	August 2016; exact date TBA	FREE	No minimum / maximum	Surfers Healing was founded by Israel and Danielle Paskowitz. Their son, Isaiah, was diagnosed with autism at age three. Like many children with autism, he often suffered from sensory overload— simple sensations could overwhelm him. The ocean was the one place where he seemed to find respite. A former competitive surfer, Israel hit upon an idea—with Isaiah on the front of his surfboard, and Izzy steering from the back, the two spent the day surfing together. Surfing had a profound impact on Isaiah. Israel and Danielle decided they wanted to share this unique therapy, they began to host day camps at the beach where children with autism and their families could be exposed to a completely new experience of surfing.
The Maui Ola Foundation - Surf Experience Day Julius Chiu, Surf Experience Director http://www.mauliola.org/surf-experience-days jchiu@mauliola.org / 949-439-3230	Croatan, VA	August 2016; exact date TBA	FREE	8-18 yrs.	Surf Experience Days exist to get kids who have cystic fibrosis into the ocean water (which is high in saline) to experience what natural therapies can do for their lungs. The saline in the air and water breaks down congestion in their airways. This congestion is what causes them to constantly go to hospitals and the need to take a number of medications on a daily basis. With salt water treatments, many CF patients see their hospital visits cut in half, leading to a healthier and more fulfilling life filled with fun activities.
