The Family Engagement Summit “Educate, Empower & Engage” is designed to create a culture of acceptance, openness and value towards all. Join us for this important one-day Summit that aims to increase intentional and meaningful family engagement. Creating synergy between parents and schools around authentic family engagement initiatives can lead to better outcomes for all students. This Summit will showcase speakers who will share research based, hands-on, practical information to educate, empower and engage our attendees.

This Summit will create a robust support system for parents, new and experienced educators, administrators, Title I coordinators, and community members. Regardless of your school’s philosophy, there will be tangible take-a-way tools that you and your team can implement immediately to help your family engagement programs thrive!

Sign-in/Contential Breakfast will begin at 9:00 am and the summit will kick off promptly at 9:45am. Lunch will also be provided for registered participants.
