THERAPIST THURSDAYS: TIPS AND TOOLS TO SUPPORTING LITTLE ONES AT HOME

Thursdays, May 14 – June 18
1:30 PM – 2:00 PM

Many of us with young children have been looking for easy ways to work on skill building during this extended time at home. How do we work on therapies in our homes? Do we have the tools in place? Where do we even begin?

Join us each Thursday as an **early childhood** specialist shares **SIMPLE** and **FUN** ideas on how to build skills and activities into our everyday routines. Each session is approx 15 minutes + time for Q&A.
